

Flaker Ice maker Metos B205 AX AG

Metos B-series ice makers are efficient ice machines with a separate ice container. Optimal ice storage can be guaranteed, as ice cubes fall directly into a separate ice tank when they are ready. The humidity of the ice flake is adjustable. This allows for the presentation of orthodox food, the transport of fresh produce, and usage in wellness spas. This is why the B-series' ice machines are perfect for spas, restaurants, hotels, grocery stores and bakeries.

Special attention has been paid to the hygiene and ease of use in the design of the machines. The internal cleaning and maintenance of the machine is also effortless due to easy access. The frame of the machine is made of wear-resistant and easy-to-clean stainless steel. The controls of the machines work electronically, which allows the detection of malfunctions and can be used to determine the efficiency of the machine.

- air condensation
- the humidity of the ice flake
- stainless steel frame
- automatic washing system
- environmentally friendly R290 as refrigerant

DELIVERY INCLUDES:

- pressurized water hose
- drain hose

FACTORY OPTIONS (to be ordered with the machine):

- ozone programmable sanitation cycle

The capacity values have been calculated under conditions where the room temperature is 10°C and the water temperature is 10°C. If the water used is warmer, the output of the machine will decrease.

Flaker Ice maker Metos B205 AX AG

Product capacity	production 210 kg / 24 h
Item width mm	567/605
Item depth mm	551/570
Item height mm	535
Package volume	0.264
Unit of volume	m ³
Package volume	0.264 m ³
Package length	60
Package width	62
Package height	71
Package unit of dimension	cm
Package dimensions (LxWxH)	60x62x71 cm
Net weight	50
Net weight	50 kg
Gross weight	57
Package weight	57 kg
Unit of weight	kg
Connection power kW	0.72
Fuse Size A	10
Connection voltage V	220-240
Number of phases	1NPE
Frequency Hz	50
Protection rating (IP)	21
Type of electrical connection	Plug
Electrical conn. height mm	477
Cold water diam.	3/4"
Cold water conn. height mm	376
Drain diameter	Ø 20
Drain conn. height mm	56

Flaker Ice maker Metos B205 AX AG

Cooling capacity W	878
Type of the refrigerant	R290
Quantity of refrigerant g	65
Remarks (refrigeration)	GWP=3
Cleaning	washing program
Ice type	ice flake
Cooling unit	With cooling unit
Method of condensation	air condensing
Defrosting	automatic
Model	air condensation -without bin
