

# Flaker Ice maker Metos B200C AX AG

Metos B-series ice makers are efficient ice machines with their own ice tank. The humidity content of the ice flake is adjustable. This allows for the presentation of orthodox food, the transport of fresh produce, and usage in wellness spas. This is why the B-series' ice machines are perfect for spas, restaurants, hotels, grocery stores and bakeries.

Special attention has been paid to the hygiene and ease of use in the design of the machines. The machines have an automatic washing system that ensures easy cleaning. The internal cleaning and maintenance of the machine is also effortless due to easy access. The frame of the machine is made of wear-resistant and easy-to-clean stainless steel. The controls of the machines work electronically, which allows the detection of malfunctions and can be used to determine the efficiency of the machine.

- air condensation
- the humidity content of the flake ice is adjustable from 15% to 25%
- steady ice production with a small amount of water
- integrated ice tank
- stainless steel body
- environmentally friendly R290 as refrigerant

#### DELIVERY INCLUDES:

- ice bucket
- pressure water hose
- drain hose
- adjustable legs

#### FACTORY OPTIONS (to be ordered with the machine):

- ozone programmable sanitation cycle

The capacity values have been calculated under conditions where the room temperature is 10°C and the water temperature is 10°C. If the water used is warmer, the output of the machine will decrease.

- Stainless steel construction

- Air condensation
- Touch control
- Acoustic and luminous alarms
- Report HACCP alarms
- Ice humidity adjustment
- Storage bin ice level adjustment
- USB connection for software update and HACCP data download
- Condenser fan controlled at low ambient temperatures
- Predictive analysis of malfunctions
- Machine performance report
- Feet 100 mm kit
- IOT cloud connection
- Programmable ice production
- Air condensation
- Touch control
- Acoustic and luminous alarms
- Report HACCP alarms
- Ice humidity adjustment
- Storage bin ice level adjustment
- USB connection for software update and HACCP data download
- Condenser fan controlled at low ambient temperatures
- Predictive analysis of malfunctions
- Machine performance report
- Feet 100 mm kit
- IOT cloud connection
- Programmable ice production

## Flaker Ice maker Metos B200C AX AG

Product capacity	production 210 kg / 24 h
Item width mm	700
Item depth mm	650/659
Item height mm	912/993-1016
Package volume	0.561
Unit of volume	m3
Package volume	0.561 m3
Package length	76
Package width	69
Package height	107
Package unit of dimension	cm
Package dimensions (LxWxH)	76x69x107 cm
Net weight	50
Net weight	50 kg
Gross weight	57
Package weight	57 kg
Unit of weight	kg
Connection power kW	0.72
Fuse Size A	10
Connection voltage V	220-240
Number of phases	1NPE
Frequency Hz	50
Protection rating (IP)	21
Type of electrical connection	Plug
Cold water diam.	3/4"
Drain diameter	Ø 20
Cooling capacity W	878
Type of the refrigerant	R290
Quantity of refrigerant g	80

## Flaker Ice maker Metos B200C AX AG

Remarks (refrigeration)	GWP=3
Cleaning	washing program
Ice type	ice flake
Cooling unit	With cooling unit
Method of condensation	air condensing
Defrosting	automatic
Model	air condensation - with ice bin
