

Water pump with water tank for Metos Opti-series coffee machines

The pump system for an 18-liter water bottle is an accessory designed for Metos OptiMe coffee machines, which allows the machine to be used without being connected to the water mains. The mains-operated pump allows water to be transferred from the 18-liter water bottle to the coffee machine.

- the pump float switch detects an empty bottle
- water hose length 6 m
- contains one 18 liter water bottle

Further water tanks needs to be bought separately from water supplier.
