

# Rotisserie grill Metos D-ONE

Metos D-ONE, is a stylish and versatile Rotisserie grill that also serves as an oven. Inside the stylish, black outer shell is the latest heat generation and control technology. All functions of the device are controlled via an easy-to-use touch screen. The display guides the user with clear icons and ready-made programs for optimal cooking results. In addition to circulating hot air and infrared heating, D-ONE also uses the humidification function for cooking. This makes the D-ONE faster than traditional Rotisserie grills - 24 crispy grilled broilers are completed in less than half an hour. The unit's muted black color, red interior and efficient lighting highlight the grilled products in an attractive way. Rotisserie grills are specially designed for in-store use, where cooking takes place near a service counter and the production is on display for customers. The rotisserie grill with its large glasses communicates effectively to customers the possibility of buying a crispy, freshly fried chicken. In addition to chicken, the Metos D-ONE multi-purpose grill also cooks other products, such as pizzas, pies and gratins. With the help of a separate guide, the chamber can accommodate 11 GN 1/1 containers or GN-sized cooking racks. The device's automatic washing programs and efficient water-spraying washing arms ensure that the interior is cleaned quickly and easily. Depending on the degree of soiling, the user can select either normal washing or intensive washing.

- a multi-purpose Rotisserie grill with a moistening oven function

- capacity: 24 chickens (depending on

weight)

- six frying baskets
- delivery does not include a stand
- dimensioning for 11 x GN1 / 1 containers or 11 GN-sized cooking racks

## Rotisserie grill Metos D-ONE

Product capacity	48 chickens/ hour
Item width mm	1150
Item depth mm	1065
Item height mm	975
Package volume	1.656
Unit of volume	m3
Package volume	1.656 m3
Package length	120
Package width	120
Package height	115
Package unit of dimension	cm
Package dimensions (LxWxH)	120x120x115 cm
Net weight	300
Net weight	300 kg
Gross weight	324
Package weight	324 kg
Unit of weight	kg
Connection power kW	12
Fuse Size A	20
Connection voltage V	400
Number of phases	3NPE
Frequency Hz	50
Protection rating (IP)	45
Electrical cable length mm	2500
Type of electrical connection	Plug
Cold water diam.	1/2"
Cold water min pressure kPa	300
Cold water max pressure kPa	600
Floor drain needed	Yes
