and narrow units Luna
trolleys are perfectly
suited for all users*

Tailored for every meal

Metos Luna buffet trolley series

Create a buffet line that meets every need with the versatile and stylish Metos Luna serving trolleys. Designed for effortless mobility and sleek presentation, the Luna series offers fitted possibilities, whether you're hosting a catering service or kindergarten. With an array of customizable options, Luna makes it easy to design a self-service setup that fits your unique space and clientele – from schools and kindergartens to upscale dining venues.

Flexible and functional

Each Luna unit is expertly crafted to adapt to your needs. From adjustable heights to a variety of interchangeable side panels, the Luna collection ensures comfort for all – adults and children alike. Whether you're serving chilled appetizers, warm entrées, or refreshing beverages, Luna's specialized units, including bain maries, cold basins, and heated plates, keep your food at the perfect temperature for an exceptional dining experience.

Simple and stylish looks

With sleek design elements like fold-down tray slides, tempered glass sneeze guards and LED lighting, Luna adds a modern touch to any dining space. The units glide smoothly on lockable castor wheels, providing easy mobility while ensuring stability when needed. Plus, customizable color options let you seamlessly match the trolleys to your venue's décor.

Efficiency meets safety

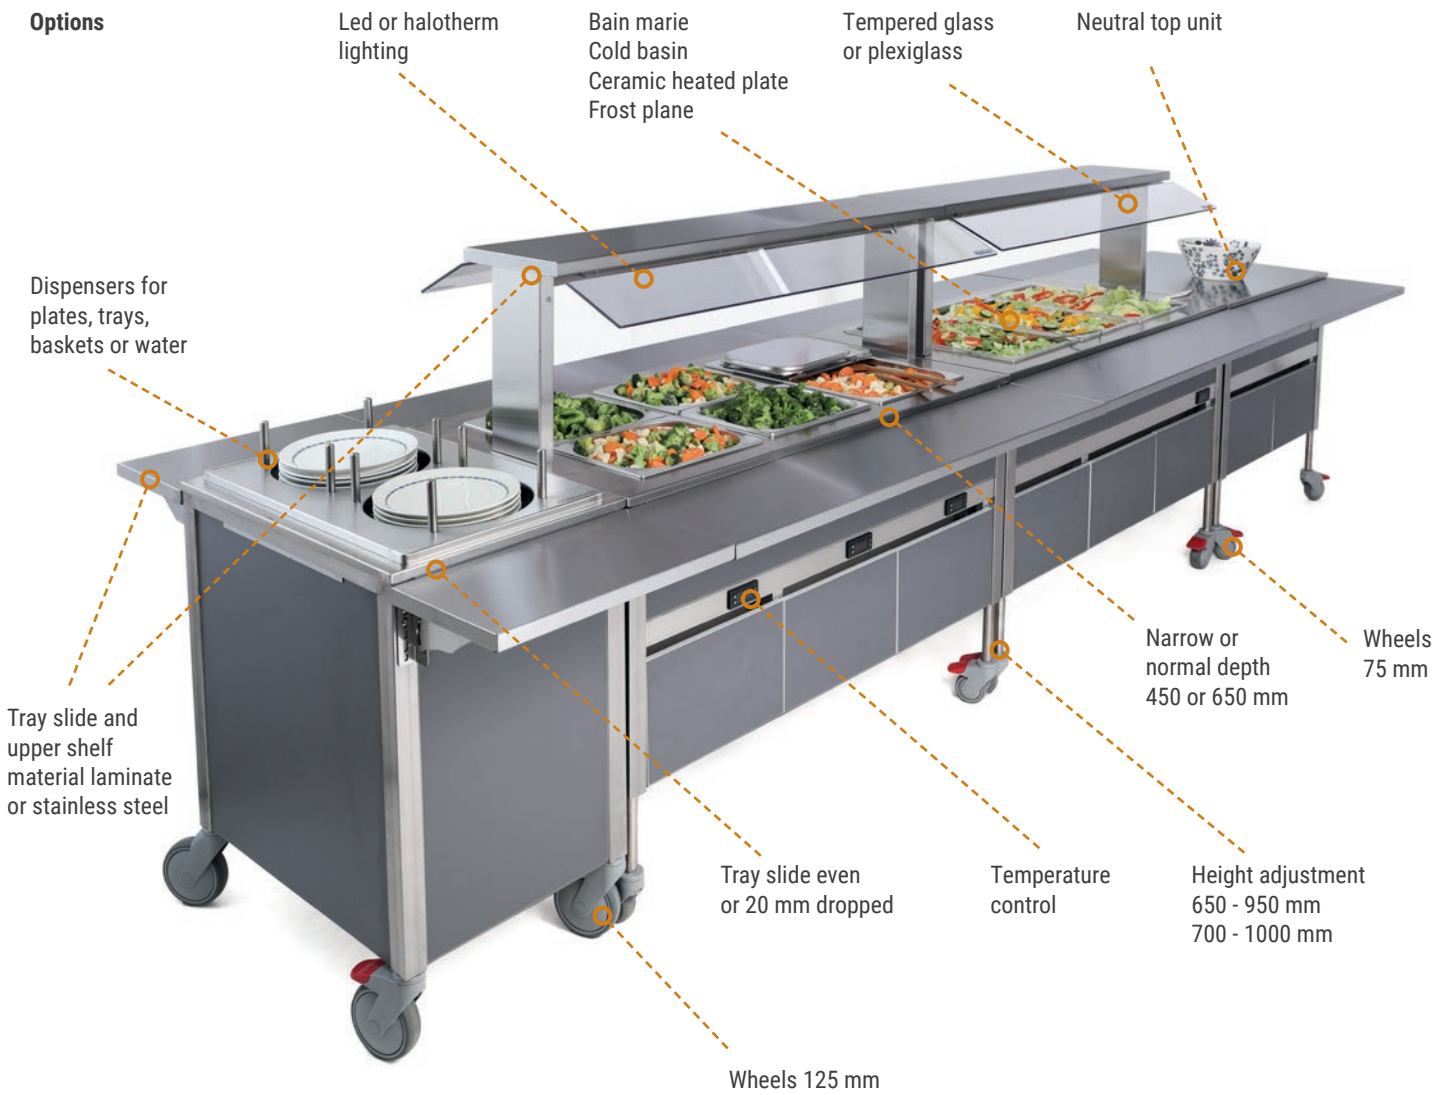

Luna makes serving fast and efficient with features like adjustable height settings and dispensers for tableware. Choose from a variety of accessories to create a buffet that is safe and functional.

Perfect for schools and nurseries

Make mealtime easy, fun, and efficient with the Metos Luna serving trolleys – the ideal solution for schools and nurseries. Designed with flexibility and safety in mind, the Luna collection creates a self-service buffet line that works for little hands and growing appetites.

With adjustable heights and narrow-depth options, Luna trolleys are perfectly suited for children of all ages. The units can be tailored to make food easily accessible, allowing kids to serve themselves safely and independently. Luna's lockable castor wheels ensure stability while offering the convenience of easy mobility, perfect for dynamic school environments.

Metos Luna buffet trolley series

Metos Luna serving trolleys are mobile serving counters with castors or feet, designed for self-service.

The trolleys can be used individually or combined to create a self-service line that meets the customer's individual needs. The trolleys have a flexible side panel construction, which allows detaching and changing of the panels. The height and width of the units have a lot of variations to build a perfect sized serving line.
